Rank Upgrade Income 📈

Logic Explained

Downline Member Upgrades Rank → Income goes to Corresponding Upline Level → Is Upline Qualified? (Upgraded) → Yes → Upline Receives Income

No →

If the 2nd Upline is not upgraded to Rank 2, the system checks the 3rd, 4th, etc., until it finds a qualified person in unlimited depth.

Rank Upgrade Income Distribution

Rank (USDT)	Upline Level (Percentage)	Amount Received (USDT)
Rank 2 (30 USDT)	2nd Level Upline (68%)	20.4 USDT
Rank 3 (60 USDT)	3rd Level Upline (74%)	44.4 USDT
Rank 4 (120 USDT)	4th Level Upline (74%)	88.8 USDT
